

## **K - 8 Math Adoption Committee - Minutes**

**September 21, 2023**

**LEC Boardroom**

**4pm-5pm**

### **Welcome and Introductions (4:00pm)**

The meeting began with a welcome from Dr. Jeff Sprout, LESD superintendent. Dr. Tracy Watkins continued the welcome and asked that all tables introduce themselves.

### **Review of the committee task**

The committee was informed that their work would include vetting math programs and making a recommendation to the governing board at the February meeting. Teachers were also informed of additional tasks they would be asked to complete and would be compensated with a \$500 stipend.

### **Exploration of the AZ Math Practices, AZ Math Standards - Placemats**

The committee reviewed and discussed the math practices as it relates to what students are doing in our math classrooms. Next, the committee looked at the AZ Math standards and discussed standards progressions. Finally, the committee discussed the relevance of understanding the major clusters as it relates to AASA. For the follow up task, the committee was asked to review a curriculum program listed on the website and review the digital components focusing on math practices and the major clusters.

### **Conclusion**

The committee concluded the meeting by reviewing upcoming meetings and the publisher's schedule. The committee was also informed that if they had any additional publishers that they would like us to consider, to email Dr. Watkins.

The committee meeting concluded at **5:00pm**

Respectfully submitted by Dr. Tracy Watkins
