Message from our principal Mr. Rohloff

Now that we are in March, we are excited to see the progress the students have made so far! March will be a fast month with spring break and preparing for AASA testing. We will be sending out information sheets for AASA testing, which is the Super Bowl of assessments for our students! Some initial information is that it will begin on April 4th and is for all 3rd-8th graders. We know our students will do an awesome job and we will be working hard with our students between now and testing to make sure that students are prepared as they can be! In addition, we have some fun events coming up like the color run that the booster club is sponsoring as well as several incentives and field trips. I am glad to see all of the experiences that we are able to provide for our students!

At Paseo Pointe we R.I.S.E to Success by being Responsible, showing Integrity, remaining Safe, and being Engaged by Empowering Excellence.

#EmpoweringExcellence

Dates to Remember

March Upcoming Events!

Mar. 20-31 APEX fundraiser (more information coming soon)

Mar. 29 Early Release and Bahama Bucks dine-out

Mar. 27-31 Spring Book Fair

| Coaches' Corner

State testing is right around the corner! AzSci, our state Science assessment, will take place April 5-7 for 5th and 8th graders. The AASA writing assessment is on April 4th, reading and math will take place April 17-21 for all students 3rd-8th. Please make sure students are getting a good night's rest and eat breakfast daily. It is crucial for your child's success for them to arrive on time to school, however, it is even more essential on testing days. This way, they are able to complete the assessment with the rest of their class. Additionally, we kindly ask that students not be pulled out on testing days as they will not be allowed to continue testing once they have left for the day.

-Maestra Hurtado y Maestra González

PBIS

Our school team is excited to celebrate students that are meeting our RISE expectations at the end of Quarter 3. Our focus over the upcoming weeks until state testing is to be engaged. That means, there is no time like the present to be **ENGAGED**, especially in the classroom. At The Pointe, teachers use a variety of strategies that keep students actively involved in a lesson. Please encourage your student to listen actively and stay on task.
